Warren,

As part of an RSE I did in August of 2014 on 3 AUMs (Haystack No. 1, Section 24 and Bebo Trespass), it turns out that the majority Haystack No. 1 is actually on NM private land (see attached). We need to talk as we're about to notice the PRP of Haystack No. 1 (BNSF) as well as start negotiations with the PRP of Section 24 (FRC). It turns out that T13N R10W 18, the north part of the Haystack No. 1 AUM is on the reservation and impacts a homesite. Have to love the checker board area! Based on the atlas information, it showed all of Haystack No. 1 as being on the Navajo Reservation. As we were gearing up towards issuing notice, we received the attached map.
